

IⁿSITE 2010

hosted by

University of Bari & University of Cassino

The conference is in three parts. The first two days, the conference focuses on e-Learning and topics related to **using IT to teach.**

Following these two days is study travel to universities that use technology enhanced learning environments, as well as a visit to historic Pompei. This study travel includes a visit to the University of Salerno and concludes at the University of Cassino.

The third part of the IⁿSITE conference takes place in Cassino and focuses on effectively and efficiently informing clients through IT (information technology) and on the teaching of IT.

IⁿSITE 2010

Submissions Due by
November 30, 2009

IⁿSITE 2010

Preliminary Call for Participation

Informing Science
& IT Education:
A Conference in Three Parts

held in

BARI & CASSINO

Italy

June 17-24, 2010

<http://InSITE.nu>

Submissions Due by
November 30, 2009

IⁿSITE: TeLE solicits papers on topics related to using IT to teach. For example, these topics include e-Learning, m-Learning, making classroom teaching more effective, and distance learning.

IⁿSITE: Inform solicits papers in any area that explores issues in effectively and efficiently **informing clients through IT** (information technology) and papers on **IT education**.

You can attend any or all parts of the conference.

IⁿSITE 2011
Novi Sad, Serbia
June 20-23

Submission Deadline

November 30, 2009

Send questions to the organizers at:
Organizer@InSITE.nu

Submission Instructions

The language of the conference is English. All papers will be **double-blind** reviewed by six or more reviewers. At least one reviewer will be external to the conference. All papers must be original, unpublished, and not currently under review by any other publication or conference. By submitting the manuscript for consideration, authors stipulate that they hold the **copyright** to the manuscript and, upon acceptance, transfer it to the Informing Science Institute. Authors also agree to assume all liability in case of copyright dispute.

Highly rated papers will be fast-tracked for publication in an Informing Science Institute journal. All accepted papers will be published in the conference proceedings.

Following are the specific requirements for each type of submission:

Research Papers should be submitted as complete papers (8-25 pages). Include a description of the context of use, the clients involved, the problem, and the proposed solution, if appropriate. Original thinking is valued.

Interactive Paper, Discussion Paper, and Practical Papers. Shorter papers (at least 8 pages) are also welcome. These let you share the ideas you have developed to date and receive constructive feedback.

Panel Discussions. Include a detailed description of the topic and identify **four or more** panelists who have agreed to attend the conference.

Format Instructions

1. See <http://InSITE.nu/> for complete, detailed formatting details.
2. Strip from the submission the author's name(s), affiliations, and any other information that identify the authors. This allows your manuscript to be blind reviewed.
3. Manuscripts submissions are accepted only in RTF and Word .doc format via the website <http://submit.InSITE.nu>
4. Each author may submit up to two papers as the only attending author.
5. For accepted paper to appear on the program and in print, *at least one author must pay the registration fee by March 15, 2010.*

Please Volunteer to Review Submissions

Please volunteer your expertise as a paper reviewer for the Informing Science + IT Education Conference. Sign up at the following URL:

<http://volunteer.InSITE.nu>

Thank you in advance for whatever assistance you can provide. **Reviewers receive a reduction in their conference registration fee.**
